

Portable Power Unit

4AM / 6AM

GAST

4AM and 6AM for Portable Power Unit

(Available with NEMA Flange, Custom Shaft, or Other design features)

Portable / Compact / Lightweight

- Can generate "high" pressures economically in a small package.
- Smaller than a comparable electric motor, hydraulic motor or radial piston motor.
- Operable in remote locations*

Inherently Safe for Hazardous Duty

- Non sparking.
- Runs cool.
- Can be stalled and maintain pressure.
- Safe for overload.
- Capable of variable rates of flow.

Versatile

- Reversible
- Variable Speed Control
- Flexible mounting

Factory Supported

- Warranty
- Parts and Service
- Engineering

Air Motor Rotary Vane Technology

Portable Power Unit for Hydraulic Tools

Ideal for portable applications requiring high pressures up to 10,000 psi in remote locations.

Markets

- Construction
- Mining
- Oil & Gas
- Industrial

Applications

Power unit for hydraulic tools used for these applications:

- Pipe Fitters.
- Pipe Spinners.
- Drilling & Tapping.
- Sanders.
- Grinders.
- Cutters.
- Bolt Tensioners.
- Torque Wrenches.

* Requires compressed air

EC directive

94/9EC (ATEX 100a). They are intended to be used in zones 1 and 2 where explosive atmospheres are likely to occur.
